Transportation Safety Zone

# TSZ Rules

- There are two laws (ordinances) recently written specific to transportation carts in the Transportation Safety Zone:
- **SRC 17-405b.1-** no transportation cart may carry more passengers than there are seats available within a passenger cart in the TSZ.
- **This means only the amount of passengers designed for the seat. NOT if part of a butt is touching you are good.**
- **SRC 17-405b.2-** operating a passenger cart with reckless disregard for the safety of persons or property within the TSZ.

# Baseball Operations

- All transportation cart / taxi cab pick-up and drop-off should be conducted **in the right (curb) lane of northbound Drinkwater (by the Stadium) between Osborn and the parking garage entrance**. A pick up and drop off lane will be created for transportation vehicles to use. This is not a sitting lane, but a pick up and drop off lane. There is still no parking, stopping, or pick up and drop off in the bus cutout.
- Transportation carts and pedi-cabs may use 75<sup>th</sup> Street south of 2<sup>nd</sup> street to drop-off and pick-up, but may NOT stage in this area.
- Transportation carts and pedi-cabs are NOT allowed to stage along Osborn Road in the bike lanes or sidewalks (SRC 17-345.11) outside of the Giants parking lot. This would include the area from Drinkwater east to the 75<sup>th</sup> Street crosswalk.
- **A temporary no U-Turn sign will be placed at Drinkwater and Osborn** to help stop the constant circling and congestion of the transportation vehicles along Drinkwater. The sign will prohibit S/B to N/B U-Turns on Drinkwater at Osborn. Transportation carts may use 4<sup>th</sup> Street to cross Drinkwater to the appropriate drop-off /pick-up area.

# Licensing

- **If the pedicab/transportation cart operator has obtained a Transaction Privilege tax license with the City:** Then a pedicab/transportation cart **may** negotiate a fare **PRIOR** to taking the passengers to their destination\* (Per Sec 410 (a)).
  - So, if you (the driver) say it will be \$10 to go to Gilligan's...as long as you have not left for this destination and have a COS Transaction Privilege tax license, you may ask for this fare. This fare **must be agreed upon by the passengers as well**. SRC 17-347a is the violation.
- First – If you are only providing service (for tips only) and you are located in Scottsdale, you would need a Business Occupational and Professional license – See Section 16-23 (a) of that code.  
<http://www.scottsdaleaz.gov/codes/bopord>
- Second – If you are taxable (charging by the job, hour and/or are advertising) and have a base of operation in Scottsdale you would need the Transaction Privilege Tax license – See Section 320 (a) and 330 (c ) for licensing fees & penalties – The Criminal penalties are listed under Sec 580 (a) (8).

# Licensing (out of Scottsdale)

- If you are based out of another City ... You still may need a license from that City to operate even if you are providing the service only in Scottsdale.
- Check with any other Cities where you are providing this service to make sure you are in compliance with their ordinances.
- If you are based in another City but are advertising a local Scottsdale business on your cart then you **DO NEED** the Transaction Privilege Tax license.
- If you are based in another City and are giving tours for a fee **ORIGINATING** in Scottsdale then you also need the Transaction Privilege Tax license.

# Licensing

- For all the licenses mentioned you must have the valid license in your possession or on the cart. Failure to provide proof of a proper business license can result in a citation.
- You may not post signs requiring or suggesting a minimum tip. If you do not have the proper license then you are not a for hire vehicle and cannot charge a fee.
- You may post a sign stating tips suggested or work for tips, but not a set amount.

# Title 28 (traffic laws)

- You are a car! If a car can't do it you can't do it!!

# Title 28 (traffic laws)

  - If your cart cannot maintain the flow of traffic and you are impeding traffic flow then you are in violation of ARS 28-701.E; speed less than reasonable and prudent and ARS 28-704.A; impeding traffic.
  - Stay on roadways you can maintain a reasonable and prudent speed or travel when traffic is light and can pass you safely.
